---

In accordance with the federal law, the Board of Education directs that services in Title I schools and programs, prior to the receipt of Title I supplemental funds, shall be substantially comparable to services in schools and programs that do not receive Title I funds. This includes curriculum materials, instructional supplies, and personnel (teachers, administrators, and other personnel).

The Superintendent of Schools shall follow the State Education Department guidelines in determining such equivalence on an annual basis, and report to the Board, upon request, on the status of district schools with regard to equivalence. The district shall maintain records, updated biannually, documenting this equivalence.

Complaints regarding the district's implementation of this equivalence requirement shall be addressed in accordance with Board policy 1400, Complaints from the Public.
